Abilities (selected)

Lighting, Sound, and Video

Professional experience as technician installing, operating, and maintaining lighting, sound, and video projection equipment in a theatrical context. Proficient with major lighting consoles, sound boards, and entertainment software; experienced with safe use of ladders, genie-lifts, and grids.

Building

Professional experience spanning over a decade in theatrical set and prop construction, welding, and carpentry. Experienced with safe operation of power tools and hand tools, hand and CAD drafting, and interpretation and construction of designs.

Teaching and Training

Significant experience with teaching beginner technicians, designers, and builders. Advocate of kindness in the workplace. Happy to train new technicians.
